

Primary Course Selections As a senior you are required to select a minimum of 6 credits (3 each semester) but you may select up to 8 credits. Juniors and sophomores are required to have a full schedule and must select a total of 8 credits. Using your worksheet as a guide, please list your primary courses below. You will need this information when completing the online course selection process. Please remember that your schedule will be built using the courses you enter online.

Alternate Course Selections All students are required to select a minimum of 3 credits of alternates (to include 2 a/b semester classes if you have selected a/b classes as part of your primary requests). Alternate courses should be viable options in the event your primary courses cannot be scheduled. **If you are going to be a senior we also recommend that you select an additional senior English course (in addition to your 3 alternate credits) in case your primary English course can not be scheduled.**
